## **ALEXANDRA HOSPITAL, INGERSOLL AND TILLSONBURG DISTRICT MEMORIAL HOSPITAL ANNOUNCE NEW 'HOSPITAL TO HOME' PROGRAM**

**Ingersoll and Tillsonburg, ON** – Alexandra Hospital, Ingersoll (AHI) and Tillsonburg District Memorial Hospital (TDMH), a part of Rural Roads Health Services (RRHS), are proud to announce the launch of the 'Hospital to Home' (H2H) Program, supported by Ministry of Health. This innovative initiative has been implemented in over eight hospitals across the province and has now expanded to five additional hospitals, including both AHI and TDMH.

*Ernie Hardeman, MPP for Oxford commented that, "Our government is committed to ensuring that Ontarians receive the right care, in the right place, at the right time. This initiative will not only improve patient outcomes but also strengthen the health care system here in Oxford County by reducing pressures on our hospitals and supporting families close to home."*

The H2H program is designed to promote safe and timely transitions from hospital to home for eligible patients, providing 16 weeks of wrap-around services to be delivered in their home or community setting following discharge.

By enabling hospitals to become approved Home Care Providers, H2H allows them to deliver essential home care services in partnership with Service Provider Organizations. This approach is grounded in program standards that prioritize high-quality, patient-centered care.

With the expansion of the H2H program to AHI and TDMH our teams have worked diligently to implement the necessary processes and partnerships to deliver high-quality home care services, to ensure smooth patient transition from hospital to home.

Nadia Facca, CEO/President (AHI and TDMH) shares that *"together, we are committed to providing seamless, compassionate care to support patients every step of the way—from hospital to home"*.
